Dear Parent/Carer,

Weekly Catch-Up

Discussions at the gates

We have had some parents/carers wanting to talk with us about their children at the school gates. We are always happy to stop and listen but at the moment teaching staff have to get the children quickly and safely into school in the mornings and there are so many people around at the end of the day. There just doesn't seem to be 'a good time' to be able to talk at the moment.

At the moment it is not possible for staff to leave the gate and come and have a lengthy discussion with you. Also, information about your child may be confidential and other families are stranding around. I know that this feels disconnected. We do not want that feeling at school so we all need to work together but in a different way.

If we have any concerns about your child in any way, we will call you on the telephone at the end of the day when all of the classes have gone home. If your child is worried about anything at school or you need to talk to us then please call us the following school day to discuss or we can arrange a Zoom meeting with you.
